*From 'A Statement on the Indian Residential Schools from
Indigenous Survivors, Elders, and Leaders':*

The good life for this Land and its peoples will not be achieved without truth and justice. Truth and justice will only appear on the way of repentance. The reality that is represented by the remains of the children can no longer be denied or dismissed. The healing that will lead to the good life on this Land will come from a real and dedicated turn from the deceit of colonization to the restoration of Indigenous rights and authority.

*From 'A Statement from the Primate: Residential Schools,
Burial sites, and the Anglican Church of Canada':*

We are committed to a long road of reconciliation, listening to Indigenous elders, survivors and leaders for their guidance. ... Our commitment to the work of the Truth & Reconciliation Commission includes a commitment to the 94 Calls to Action through advocacy for their full implementation in our Church and in the whole of Canada.

Gospel Based Discipleship:*

The Gathering Prayer Creator, we give you thanks for all you are and all you bring to us for our visit within your creation. In Jesus, you place the Gospel in the centre of this Sacred Circle through which all of creation is related. You show us the way to live a generous and compassionate life. Give us your strength to live together with respect and commitment as we grow in your Spirit, for you are God, now and forever. Amen.

Rule of life Creator God, we acknowledge and give thanks that: In Jesus we know we belong to a Sacred Circle with the Gospel and Baptismal Covenant in the centre. In this Sacred Circle: We are all related; We live a compassionate and generous life; We respect all life, traditions, and resources. We commit ourselves to spiritual growth, discipleship, and consensus.

Creation Care

The 2021 Season of Creation has ended, but it's always the right time to pray for, rejoice in, give thanks for, care for and advocate for God's creation

From: A Season of Creation Earth Examen, via KAIROS

An examen is a way of beholding an object or being in prayerful wonder. Through questions, you are invited to reflect on God's presence and the goodness of that which you behold. ...

Pick a natural or agricultural place to contemplate. ... Find a comfortable place to rest in or near this place. Enter into prayer in whatever way is natural to you. Invite Holy Wisdom to open the eyes of your heart. When you are ready, reflect:

1. Become aware of God's presence in a natural or agricultural place that you are contemplating.
2. Reflect on the ecological cycles of this place with gratitude for all that it provides.
3. Pay attention to what you feel as you contemplate the fragility, health of this site.
4. Choose one feature of the site and pray for it, its rest and its renewal.
5. Look toward your response. What can you do to ease demands or promote the rest of this ecological site?

Based on your examination, how do you identify with this place? What have you discerned is required to care for this place? What will be your act of compassion to promote rest for this common home?

From PWRDF Climate Action Bulletins:

A Prayer for Climate Action Holy God, earth and air and water are your creation, and every living thing belongs to you: have mercy on us as climate change confronts us. Give us the will and the courage to simplify the way we live, to reduce the energy we use, to share the resources you provide, and to bear the cost of change. Forgive our past mistakes and send us your Spirit, with wisdom in present controversies and vision for the future to which you call us in Jesus Christ our Lord. Amen.
